

# Mesh Banners

## Perfect for Windy Outdoor Locations

Create your attractive banner that stands up to the elements. Mesh banners are printed on a lightweight, semi-porous PVC film. It maintains vibrant colors and has reflective qualities in-between a matte and gloss finish. The polyester film features mesh holes allowing air to blow through. **Say goodbye to flapping banners!**

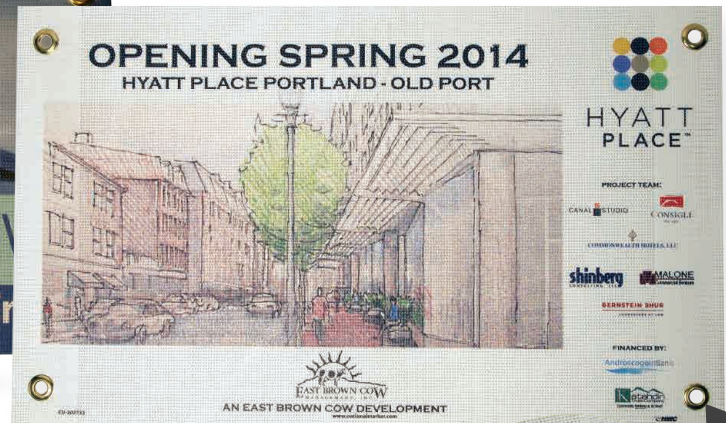

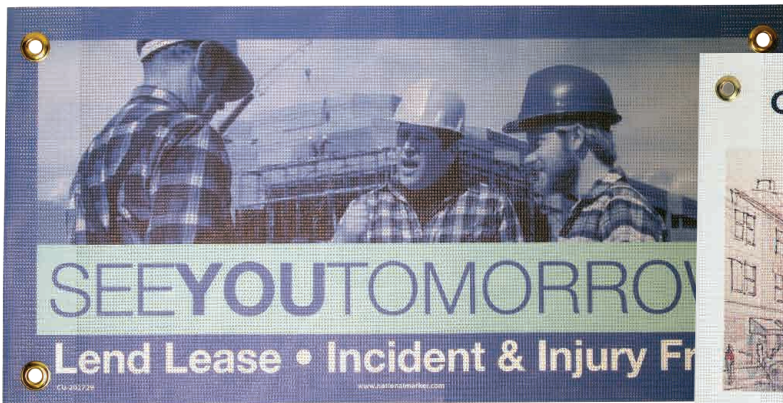

### Features

- Withstands harsh outdoor environments
- Allows 37% air flow through 
- Non-flammable
- Abrasion resistant
- Vibrant color display
- 8 oz. PVD coated polyester
- Max height sizes: 63", 72" and 80"

### Uses

- Indoor/outdoor event signage
- Building & construction signage
- Tradeshow displays
- Front-lit signage
- Stage liners
- Festivals
- Promotional campaigns
